 MVP Award, Garden State Chapter ACP, NJ - 2007

**How do you feel ACP would benefit from your involvement on the National Board of Directors?**

I feel the ACP would benefit from my experience as a practitioner, academic and researcher. As noted above, I've had a long running involvement with the ACP at the chapter level and spent time on the ACP National Board as well. I thoroughly enjoyed my time on the National Board and would be honored to serve again, if elected. I have a passion for business continuity, disaster recovery and emergency management and want to bring that passion to our ACP membership, and what better platform to utilize than the National Board. Lastly, I feel I can help represent the ACP and attract new members due in part with the number of regional, national and international speaking engagements I take part in annually. I would be honored to serve as an advocate for the ACP to help grow our organization. My vast academic, industry, and research contacts provide me with an audience and the ability to help market the ACP as well.

**Skills, Experience and Interests** *(Please check all that apply)*
