Statement of Qualifications: (Describe the nominee's professional background)

Dr. Bernie Jones has decades of experience in our resiliency/continuity field as a practitioner, researcher and teacher. He has prior experience on ACP local and national boards, has a doctorate in our field and has published practice and research-based content in multiple trade and peer reviewed settings.

Statement of Purpose: (Describe why the nominee would be a good addition to the National Board)

I've known Bernie for many years primarily through ACP, and he is eager to advance the state of our art and to help others be more successful in making their organizations more resilient. He is widely recognized as a thought leader and he shares that knowledge readily. Bernie's enthusiasm for ACP has been a common theme throughout his career, and he has been a great contributor on behalf of ACP – on the board, as an author, as a webinar and conference presenter, helping to edit our upcoming book of best practices, etc.

Other Considerations: Bernie is a delightful guy to work with and to learn from.
